the NSTA regional chairman by February 1, 1975. The contact for Iowa teachers interested in this project is Theodore E. Molitor, Roseville Area Schools, 1251 County Road B-2, Roseville, Minnesota 55113.

NATIONAL CONVENTION PLANS

The science education of big city and minority students will get the attention of the nation's science teachers at the convention of the National Science Teachers Association in Los Angeles next March 20-24. Working from the theme of Man, Science, Society—An Alliance of Hope, science teachers are arranging a three-track program concerning relationships of science and society, educational difficulties faced by minorities in our society, and latest teaching techniques. Linus Pauling, winner of Nobel Prizes in both science and peace, will head the list of speakers. George Wald, professor of biology at Harvard, will speak on human concerns and politics. Lloyd Cooke of the Union Carbide Corporation will discuss problems and opportunities for minority students in careers in science and technology.

SMALL GRANT PROPOSALS

Proposals for high school and college student research funded by AAAS are now being received by:

Dr. Robert W. Hanson
Executive Secretary
Iowa Academy of Science
University of Northern Iowa
Cedar Falls, Iowa 50613

Forms and directions can be obtained from Dr. Hanson. All awards will be made for consumable items and materials, but permanent equipment will not be funded. Amounts granted will be between \$25 and \$100. Proposals are reviewed on October 31 and February 28, but will be received at any time.
